

Dr. Colin Carrie MP Oshawa

Oshawa MP Stands up for Canadian Consumers

Ottawa, ON –Dr. Colin Carrie, Member of Parliament for Oshawa and Official Health Critic, will be introducing his Private Members motion M-131 which instructs the Standing committee on Finance to undertake a study that will ensure that the cost of the Liberal mandatory carbon tax is disclosed to consumers and that the Government must annually report the financial impact on Canadian households and employers.

“If the Trudeau Government goes forward with imposing a national carbon tax on Canadians, Canadians deserve to know how much it is costing them. They promised to be transparent with Canadians and when it comes to the carbon tax they are doing anything but.”

According to Analysis conducted by the Canadian Taxpayers’ Federation, the carbon tax could cost \$1028 per person per year, or \$4112 per year for a family of four, and the Liberals have not confirmed or denied whether this estimate is accurate.

“M-131 will be up for debate on June 6th, 2017. I encourage all Members of the house to support my motion.”
